

# SILAS MORLOCK

by  
Mark Cantrell

“Humanity built its hopes and dreams and tried to believe that the whole sordid mess actually meant something.”

Terapolis is an urban sprawl of global proportions. The vast city state has smothered whole nations, liberated humanity from the tides of history; the place is ripe with secrets...

For Silas Morlock, enigmatic Master of MorTek, little time remains to fulfil his purpose and save Mankind from itself; death gathers, an ancient struggle between good and evil nears its peak.

On the other side, the Incunabula; bibliophiles who refuse to stop peddling the items most poisonous to the hold The Gestalt has on human minds.

And then there's Adam, the misfit dreamer pulled into a conflict beyond his understanding. His own desire will take him on a terrifying journey into the heart of darkness.
