

LETTERS FROM THE LIGHT

by
Shel Calopa

Imagine a world where light is a privilege...

In a future Australia, where light is only for the powerful and the poor struggle in darkness, Sam grew up praying for a way out. Living as the only sighted boy in a town of blind workers was tough. Discovering it didn't have to be that way was tougher.

Sam is just one of five desperate people, each from vastly different societies in a deeply divided land, who must survive prejudice, calamity, and each other, to unlock the secrets of their world, and ultimately help a fabled Ai defeat an ancient foe.

Letters from the Light is a debut dystopian sci-fi novel by Australian author Shel Calopa. Join her and celebrate diversity, explore the corrupting influence of power, and ask whether it's truly possible to break free of your upbringing.
