ALEX WESTMORE

An Echo Branson Investigation #2

Echo's beloved bayou has been swept away, and with the destruction rises a dark force more powerful than any hurricane.

When she and her best friend Danica arrive to help the survivors, they discover that the flood is the least of their worries; something sinister threatens Echo's cherished matriarch, her family, and the very fabric of her life.

It will take every supernatural power at her disposal to defend and protect her home and her people, but in doing so, Echo must relinquish the one thing she has held onto tightly since childhood: the truth about who and what she is.

Echo and her supernatural family discover the truth behind the darkness... and the battle is on.
