

REMNANT'S HOPE

TALES OF RESONANCE

by

Hugo Jackson

An evening. A limb. A country. A world.

As each shatter, lives are forever altered and the consequences ripple beyond imagination: legacies of the past, and the catalyst for an uncertain, fractured future.

These are the stories of what is left behind. Between the ruins of the past and the dawn of new beginnings, discover tales of renewal, transformation, relentless struggles, kindred souls, and the enduring ache of loss.

Remnant's Hope collects tales from across the Resonance Tetralogy timeline, revealing previously untold dramatic, emotional, and heartfelt histories of both well-loved characters and newfound heroes.

Amidst these fragments, a beacon sparks to life — a glimmer of something both fleeting and timeless.

Hope.
